Physical skills are dead, sport section needs to improve.

Nothing.

As the pandemic is going on we dont have other option than online teaching and learning process but its not that much effective so institute must reteach the syllabus or some key topics / some extra programing related session are going on but the timing is not fixed and it must be from zero level soo the students who are weak in that particular part will get it properly /. A slot of weekly teaching survey should be arranged in

21. Give three observations / suggestions to improve the overall teaching – learning experience in your institution.

- We want one weekly sport activity
- Encourage students to prepare together for classes or exams
- Take exam online
- 1. Teachers are always helping and kind.
- 2. Mentor are always motivates and encourages.

- 3. Proper facilities with great guidance.
- 1) Take practical more than theory
- 2) More interaction in lecture
- Please don't give the over writing of assignments to the students., instead of that you should take their extra knowledgeable activities.
